Welcome to Our Product Catalog

Discover how Augment Chemicals
can help your business thrive.

About Us

We're dedicated to sourcing high-quality products such as industrial chemicals, excipients, natural oils, fragrances, and more.

Our goal is to connect clients to manufacturers with the finest materials from a variety of channels.

We take pride in our relentless pursuit of sourcing the highest quality products, ensuring that our clients receive nothing but the best.

Our promise is to deliver excellent service efficiently & cost-effectively. We're committed to excellence & uncompromising standards.

Our Services

Business Solutions

We provide a broad range of business solutions designed to meet modern industry needs.

Our services include workplace service management and data analytics, helping organisations improve efficiency, streamline operations, and make informed, data-driven decisions.

Formulation Support

We help enhance existing formulations and develop new ones by understanding customer objectives and industry requirements.

Our tailored solutions focus on quality, consistency & results.

Logistics Support

Through effective planning, coordination, and management, we analyse and optimise the entire supply chain from procurement to final delivery.

Our logistics support focuses on improving visibility, reducing delays, and controlling costs while maintaining reliability.

Technical Support

Our experienced team delivers reliable technical and application support to ensure smooth and uninterrupted operations.

We focus on issue resolution, system stability, and long-term performance for our clients.

Table of Contents

01

Pharmaceuticals

Reliable excipients and raw materials ensuring purity and consistency in healthcare formulations.

06

Personal Care

Safe, high-quality ingredients for skincare, haircare, and cosmetic applications.

08

Households

Effective and eco-friendly raw materials for cleaning and maintenance products.

04

Agriculture

High-performance ingredients supporting crop protection and sustainable agriculture.

07

Paints

Additives and resins delivering durability, colour stability, and smooth finishes.

10

Others

Specialty chemicals serving diverse industrial and custom requirements.

300+ Products

Pharmaceuticals

We provide pharmaceutical excipients and active ingredients, all in compliance with international standards including IP, BP, EP, USP & FCC.

Our extensive catalogue supports the needs of pharmaceutical, nutraceutical, and healthcare manufacturers worldwide.

Core Excipients & Fillers

Calcium Carbonate

Di Calcium Phosphate

Lactose (Anhydrous, Monohydrate, Mono SD)

Microcrystalline Cellulose (all grades)

Fructose, Dextrose (Anhydrous & Monohydrate)

Binders

Povidone

HPMC (all grades, K100M)

Gum Arabic

Disintegrants

Croscarmellose Sodium

Crospovidone

Lubricants / Glidants

Magnesium Stearate

Stearic Acid

Talc

Colloidal Silicon Dioxide

Lubricants / Glidants

Ethanol

IPA (Isopropyl Alcohol)

Glycerin

Buffers & pH Adjusters

Full phosphate, citrate, acetate systems

Citric Acid (Anhydrous & Monohydrate)

Sodium Citrate / Potassium Citrate / Calcium Citrate

Sodium Acetate / Potassium Acetate / Calcium Acetate

Zinc Acetate

Electrolytes & Nutritional Additives

Sodium, Potassium, Calcium, Magnesium salts

Ferrous & Zinc compounds

Preservatives & Stabilizers

Benzoic Acid

Sodium Benzoate

Benzoic Acid

Sodium Benzoate

Potassium/Sodium Metabisulphite

EDTA Disodium

Active/Nutritional Ingredients

Folic Acid

Riboflavin 5 Phosphate Sodium

Glycine

Urea

Others

Sodium Hydroxide / Potassium Hydroxide

Bentonite Powder

Kaolin

Agriculture & Emulsifiers

We're proud to support the agricultural industry with a wide range of high-performance emulsifiers and raw materials tailored for agrochemical formulations. Our products are designed to enhance the efficiency, stability, and effectiveness of pesticides, herbicides, insecticides, and fertilizers.

Whether you're formulating ECs, SCs, WPs, or other pesticide types, our emulsifiers and additives deliver optimal performance across diverse climates and crops.

Agro Emulsifiers & Surfactants

Alkyl Phenol Ethoxylates (NP, OP series)

Fatty Alcohol Ethoxylates (LA, CSA, CA, SA, BA)

Fatty Oil Ethoxylates (Castor Oil, HCO)

Fatty Acid Ethoxylates (Stearic, Oleic, Coconut)

Fatty Amine Ethoxylates (TA, OA, CCA)

Propoxylates

Alkyl Phenol Propoxylates

Fatty Alcohol Propoxylates

Synthetic Alcohol Propoxylates

Fatty Amine Propoxylates

Alkoxylates

EO-PO derivatives (NP-EOPO, EDA-EOPO, etc.)

EO-PO Block Copolymers

L-61, L-62, L-64, F-68

Sulphates

Ethoxylated Alkyl Phenol Sulphates

Ethoxylated Fatty Alcohol Sulphates

2-Ethyl Hexyl Sulphate

Sulphonates

Naphthalene Sulphonates

Phenol Sulphonates

Sulphosuccinates

Diethyl Sulfosuccinate

Lauryl / Laureth Sulfosuccinates

Oil Field Chemicals

Pour Point Depressants

Demulsifiers

Corrosion Inhibitors

Oil Spill Dispersants

Households

We supply a trusted range of high-quality raw materials and industrial chemicals used across household care and cleaning product formulations. Our materials are chosen for their consistency, safety, and effectiveness—ensuring optimal performance in everyday applications.

We work closely with manufacturers to ensure our products meet key regulatory and quality benchmarks. With a focus on efficiency and sustainability, our materials contribute to cleaner, safer, and more hygienic living environments..

Surfactants & Cleaning Agents

Sodium Lauryl Sulfate (SLS)

Dimethicone (antifoam)

General Ethoxylates Used in Cleaning

Alcohol Ethoxylates (LA, TD, IDA series)

Castor Oil Ethoxylates

Sulphates (Cleaning Applications)

Ethoxylated Fatty Alcohol Sulphates

Paints & Coatings

We provide a carefully selected range of raw materials and additives essential for the formulation of high-performance paints and coatings. Our products support decorative, industrial, and protective coatings, helping manufacturers achieve excellent durability, finish, and application properties.

Whether you're developing water-based or solvent-based systems, our team is here to support your innovation with reliable, cost-effective solutions.

Paint & Coating Additives

Wetting & Dispersing Agents (from ethoxylates/propoxylates)

Styrenated Phenol Ethoxylates

Card Phenol Ethoxylates

EO-PO Copolymers

Functional Additives

Defoamers

Stabilizers

Acid Scavengers

Personal Care & Cosmetics

We supply a premium range of ingredients used in the formulation of personal care and cosmetic products. Our raw materials are carefully selected to meet the highest standards of safety, purity, and performance—helping brands create effective, skin-friendly, and innovative products.

From emollients, thickeners, and surfactants to conditioning agents and specialty actives, our ingredients help enhance texture, stability, absorption, and overall user experience.

Cosmetic Ingredients

Polysorbates (20, 60, 80, 85)

PEGs (200 → 10000)

PEG Stearates

Cosmetic Clays

Glacial Marine Clay

Dead Sea Mud

French Pink / Green Clay

Moroccan Red Clay

Rhassoul Clay

Kaolin Clay

Cambrian Blue Clay

Herbal Powders

Neem, Tulsi, Amla, Ashwagandha, Shikakai

Aloe Vera, Hibiscus, Indigo

Moringa, Fenugreek, Curry Leaves

Orange Peel, Ginger, Henna

Liquorice, Arjuna, Baheda, etc.

Others

We supply an extensive portfolio of specialty chemicals that support a wide variety of industrial, manufacturing, and formulation needs. Our diverse range includes ethoxylates, propoxylates, alkoxyates, polyethylene glycols, esters, sulphonates, sulphates, and more—serving sectors such as textiles, agriculture, detergents, personal care, lubricants, coatings, and industrial processes.

Our chemicals are available in various grades and molecular weights, with reliable consistency, competitive pricing, and industry-standard packaging. Whether you're developing performance-oriented industrial formulations or environmentally safe alternatives, we have the right solution for you.

Industrial Chemicals

Thioure

Esters & Phosphates

Phosphate Esters (all types listed)

Specialty Surfactants

Bisphenol Ethoxylates

Styrenated Phenol Ethoxylates (industrial use)

Oil & Energy Sector

Demulsifiers (OSXF, DOZF series)
